

Visit Belzona at Fishing 2010, 20th- 22nd May 2010, SECC, Glasgow

Belzona will be exhibiting at the Fishing 2010 exhibition at the SECC, Glasgow, from the 20th-22nd May at **Stand C10**.

Belzona will be showcasing their solutions for repair and maintenance issues in the fishing industry including their safety grip systems, underwater and oil tolerant repair system, and MBX Bristle Blaster a new, easy to use, hand-held surface preparation tool suitable for use on a variety of substrates including metals, rubbers and plastics.

In addition to this Belzona will also be presenting a repair material that can be applied to wet and oily surfaces and also a solution to prevent health and safety risks by reducing noise and vibration in hydraulic systems.
