Belzona, Inc. Announces New Distributor for Belzona Houston

Miami, FL – (September 12, 2008) Belzona, Inc., a leading provider of coatings and repair composites, is pleased to announce Brian Burgess, former Distributor of Belzona River States, taking on the existing Distributorship Belzona Houston. Previously managed by Distributor Steve Bradley for the past 20 years, the territory has been widely recognized throughout the Belzona community for its numerous sales achievements - consistently ranked amongst the top ten worldwide and predominantly first in sales across North America.

Javier Palenque, Executive Vice President of Belzona, Inc., stated, “We take pride in promoting our organization for personal growth. Steve set the bar very high. Nonetheless, Brian has proven to be an exceptional Distributor, and we are confident he will maintain the highest level of quality offered in that region to date. He is walking into a great team of Sales Consultants and his leadership will further our commitment to serve our customers in the Houston area.”

Brian Burgess remarks, “We hold a well established business in repair technology. Our primary focus is in promoting solutions such as internal linings and high temperatures coatings, benefits opposed to purchasing new parts, and longevity as demonstrated in case studies from the various industries in the Houston area. Aside from protecting investments, we also take pride in protecting the environment from such hazards as chemical spills.”

Belzona Houston, Inc. is located 363 E. Nasa Road 1 Webster, TX, 77598. For more information on the products and services provided by Belzona Houston, authorized Belzona distributor, please contact Brian Burgess at (281) 488-8345.

About Belzona, Inc.

As the manufacturer of industrial protective coatings and repair composites since 1952, Belzona provides a wide variety of solutions to rebuild, repair and maintain machinery, equipment and building structures. Belzona’s local on-site Technical Consultants analyze the situation, recommend the solution, and supervise the application. With their Global Distribution Network covering over 120 countries and 24-hour Technical Support, Belzona is established in the forefront of industry by serving such markets as oil and gas, power, marine, and water/wastewater.
