Danish Oil Operator

#### APPLICATION DATE

Various since 2003

#### SUBSTRATE

Cast Steel

#### PRODUCTS

Belzona<sup>®</sup> 1111

Belzona<sup>®</sup> 1321

#### APPLICATION SITUATION

Sea Water Filter System on offshore oil production platform.

#### PROBLEM

Conventional coatings were failing around the sealing faces and nozzle areas.

#### APPLICATION METHOD

The application was carried out using a combination of Belzona Know-How System Leaflets TCC-3 and VPF-13.

#### BELZONA FACTS

The success of the Belzona repair and protection system has resulted in numerous further filters being coated since 2003.
